 <p>The plan shows a complex landscape with various plantings, irrigation zones, and hydrozone symbols. It includes a grid system for plant placement, a legend for irrigation methods, and a scale bar. The hydrozone symbols are shown as diagonal lines, with notes indicating they should be shown in green (where applicable) on the Hydrozone Plan required at entitlement stage.</p>																																																																																																																																																																																																																						

* Notes Plants may be shown in green (where applicable) on the Hydrozone Plan required at entitlement stage.
